Well, don't ask me why I picked up this project.

I found raws for it, and I skimmed through it just to find that the entire series is ABSOLUTELY HILARIOUS. LOL. That's the main reason why I picked it up. It's just one of those SUPER LOL mangas that you just hate so much for being so wrong, yet so right at the same time! LOL!

And yeah, I basically did the entire thing by myself, so yeah. Thanks to Balladon for proofreading it, Prinny won't be QCing for the next few days, because he has some other plans IRL. So just wish him luck if you see him.
